Although sadly there was no cheerleading season for Bay Path due to Covid-19, these 6 seniors gave our school 3 remarkable years. They have grown into incredible young ladies both on and off the mat. Most of them earned the privilege to compete at States during their high school career and served as phenomenal role models for their teammates. These ladies will be sorely missed. Best of luck in your future. There is no doubt that you will accomplish amazing things.

"Coming together is a beginning; keeping together is progress; working together is success."

— Edward Everett Hale

Class Officers

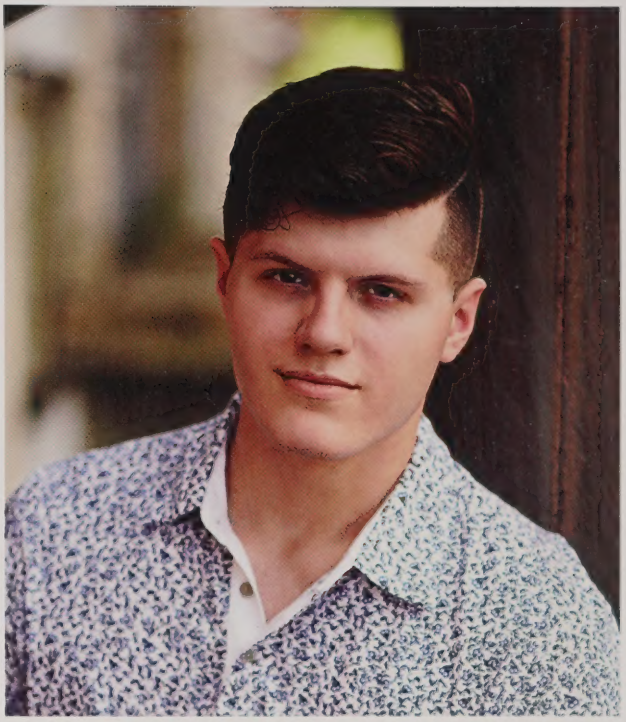
President
McKenzie Robinson

Class of 2021, I'm proud to have had all of you as classmates throughout my fours years of high school. Although this year was not as we planned it to be we made the best of our situation, making it as "normal of a year as we could. . As a final note I just wanted to wish everyone luck on their future plans and hope that they do go as planned!

Vice President
Victoria Bonneau

Whether these past four years of high school were the best of your life, the worst, or somewhere in between, we finally made it class of 2021! It was a long, yet short four years. Long because of the sleepless nights finishing homework, and the countless amounts of drama we dealt with, but short because of the lifelong friendships, and memories that we made along the way. It is now our time to walk away from Bay Path, and step into a new journey. I wish you all good luck on your next step.

Secretary
Nicholas Marcotte



Class of 2021, we have finally reached the end of our journey before we split up. However, this was only the start to our journeys. From the unique bonds we have created with our shops and teammates to surviving our senior year during a global pandemic, our class is one of the most unique groups of people to set foot through these halls of Bay Path. As a group, we should all feel accomplished and proud of ourselves for how far we have come and how hard we have worked for the past four years. Four years of learning new skills, new ways to learning, and one of a kind memories with your fellow classmates. It's something that is unforgettable. However, once we all go our own ways, some of us may never see each other again. But always remember, we all have a spot back home within our graduating class. Thank you Class of 2021 for the past 4 years and memories. Best of luck with your future endeavors wherever they may find you.

Treasurer
Cheyenne Courtney

Class of 2021, we did it! We have persevered through so much change throughout our time in high school especially in our junior and senior years. The perseverance we have all shown as a class is a testament to all our strength as individuals. Now moving on from high school into our next separate stages of life I wish all of you success and the continued ability to overcome obstacles and persevere.

SkillsUSA Massachusetts hosts six District Conferences to determine the competitors for the Massachusetts SkillsUSA Championships. The conferences are held in late February to early March at selected locations in each district. The District Competition consists of a written SkillsUSA Employability Skills test and a written trade knowledge test. To be eligible, a student must be a paid-in-full SkillsUSA member in good standing. Each chapter is eligible to place three competitors in each skill category and 100% participation chapters are eligible to enter an additional competitor. There will be a maximum of 12 high school competitors per event at the state level. In most cases, the top two qualifying scores, per district, will advance to the Massachusetts SkillsUSA Championships. Typically, the top qualifying score from the Massachusetts SkillsUSA Championship qualify to advance to the SkillsUSA National Skills and Leadership Conference.

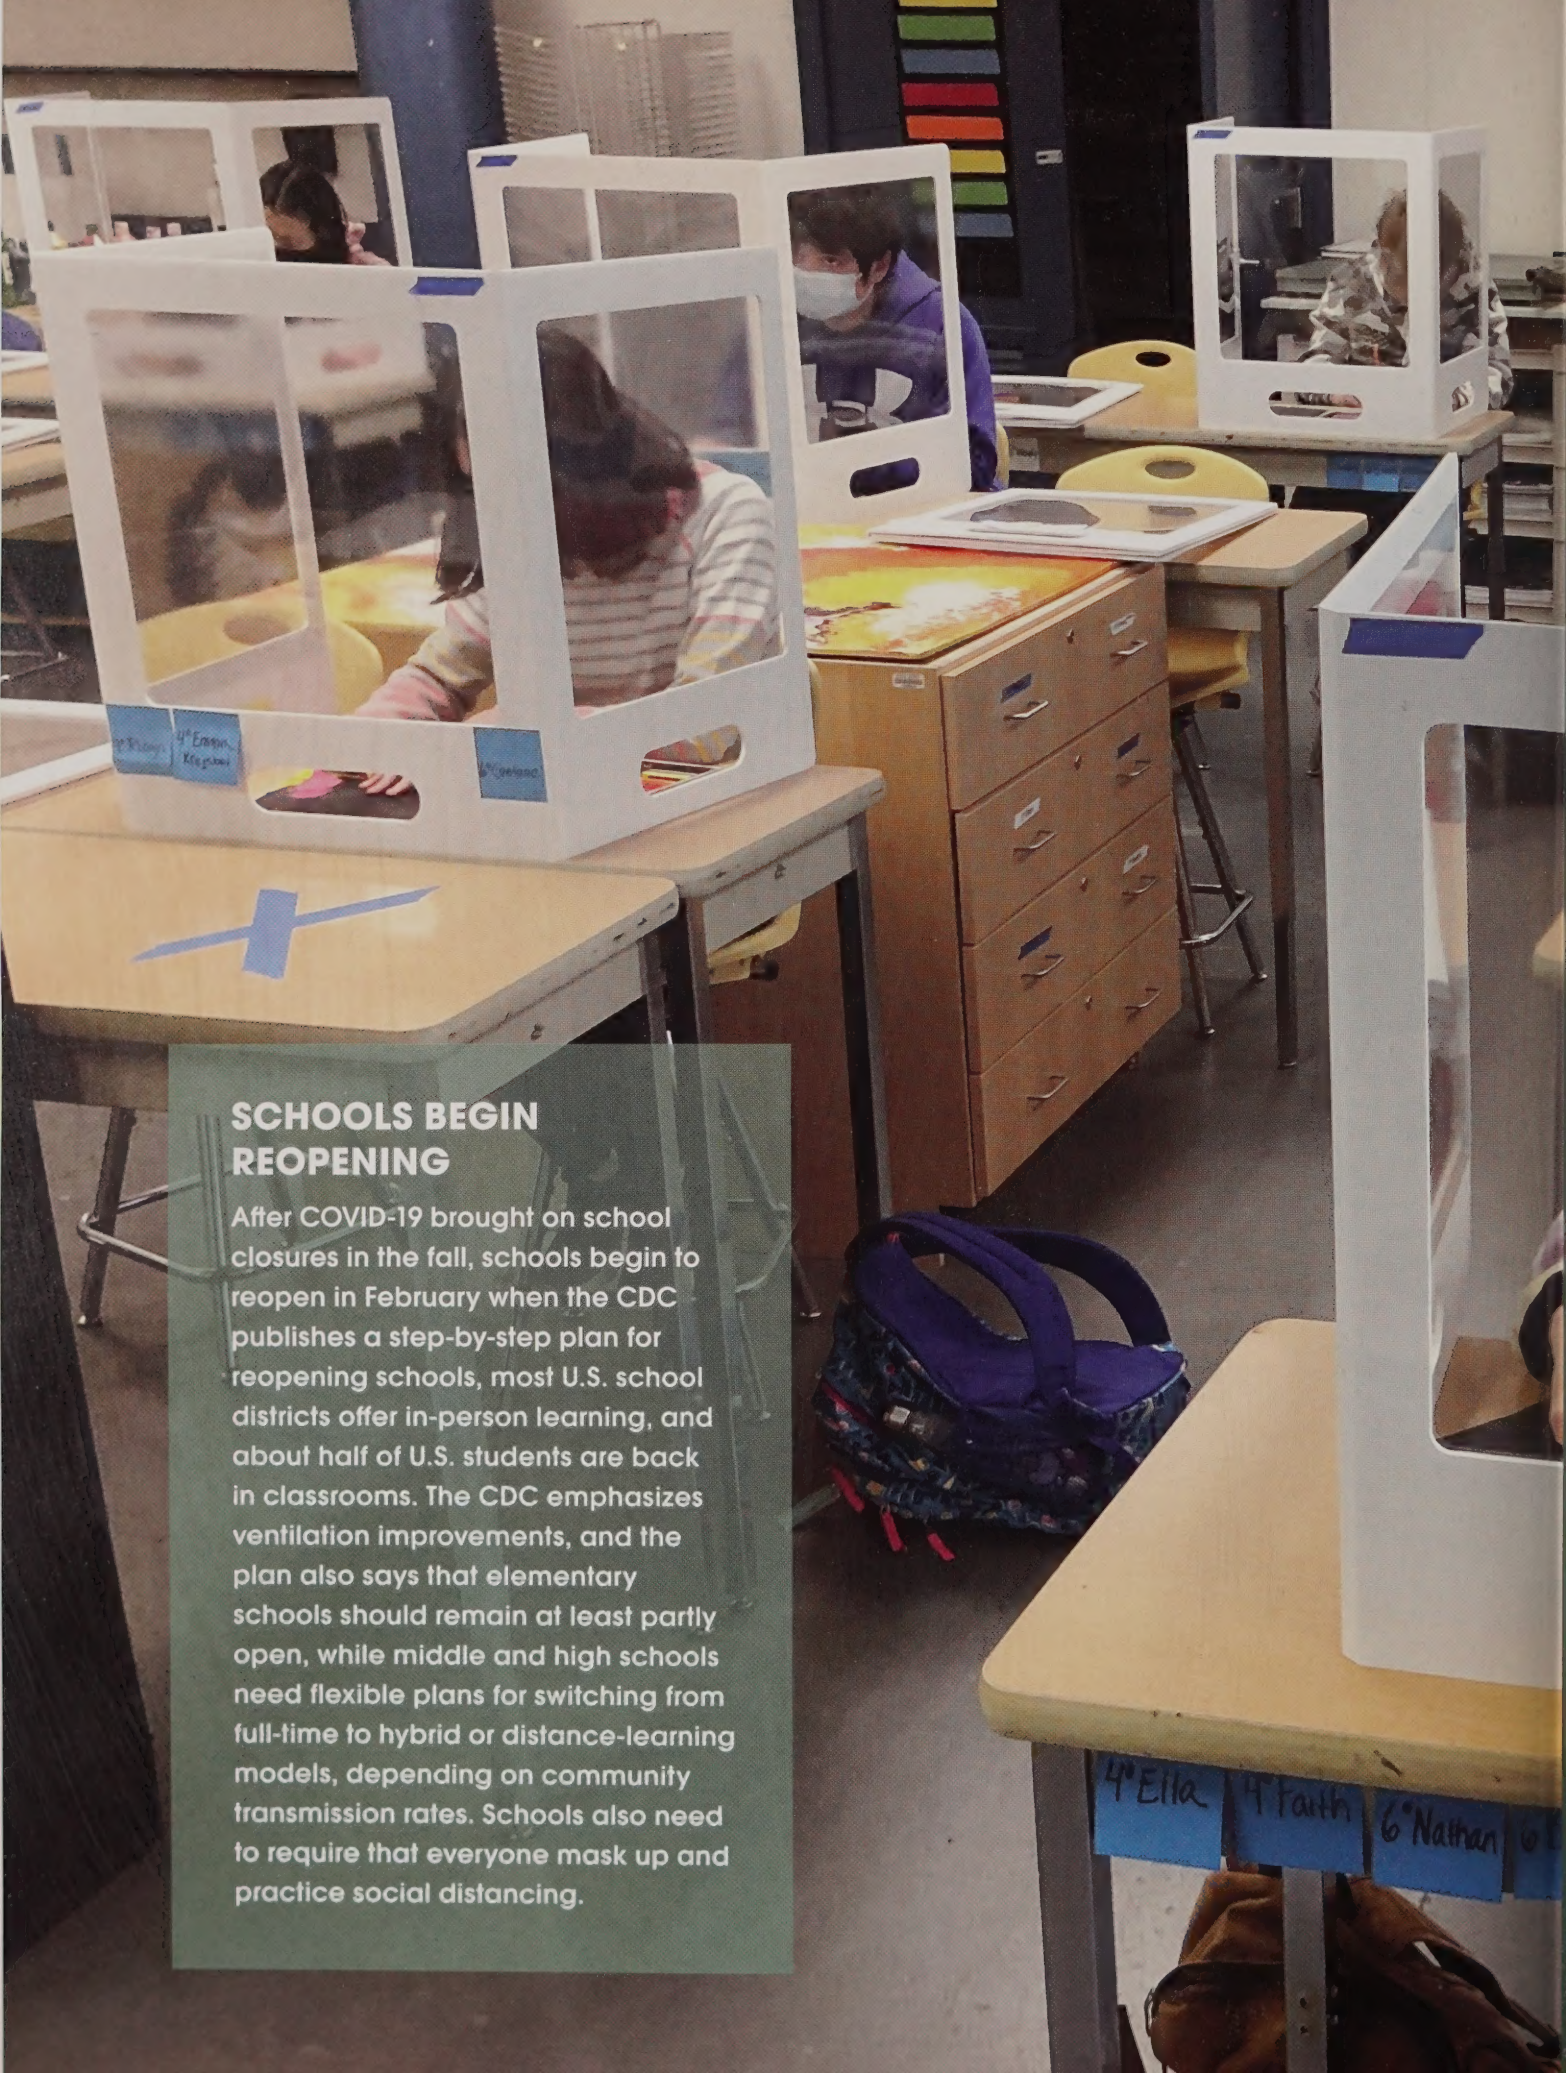
2020–2021 WORLD BEAT

This year's top headlines, collected for yearbooks delivered in the summer and fall.



SCHOOLS BEGIN REOPENING

After COVID-19 brought on school closures in the fall, schools begin to reopen in February when the CDC publishes a step-by-step plan for reopening schools, most U.S. school districts offer in-person learning, and about half of U.S. students are back in classrooms. The CDC emphasizes ventilation improvements, and the plan also says that elementary schools should remain at least partly open, while middle and high schools need flexible plans for switching from full-time to hybrid or distance-learning models, depending on community transmission rates. Schools also need to require that everyone mask up and practice social distancing.

WSU COUGARS

COVID-19 VOCABULARY

CURBSIDE PICKUP: avoiding entering stores or restaurants. **DRIVE-THROUGH TESTING:** COVID-19 testing sites with as little personal contact as possible. **FLATTEN THE CURVE:** slowing the spread over time. **ASYNCHRONOUS LEARNING:** teachers post lessons and assignments online for students to access. **PPE:** Personal Protective Equipment like masks and latex gloves. **SHELTERING IN PLACE:** staying at home except for necessary errands or exercise. **SOCIAL DISTANCING:** staying at least 6 feet away from others. **SUPERSPREADER:** gatherings that result in numerous cases.

VISITING THE VACCINATED

Grandparents and other older relatives are at higher risk of COVID-19 effects. For much of the school year, families worked hard to keep them safe by staying away. By spring of 2021, new CDC guidelines say that vaccinated grandparents can visit their unvaccinated grandchildren in a single household.

RACE TO VACCINATE

As new virus variants emerge, the world hurries to vaccinate enough people to reach "herd immunity." By late April 2021, almost one-third of all U.S. citizens over 18 are fully vaccinated, and all adults are eligible for vaccination. The two-dose Pfizer and Moderna vaccines are the primary vaccines in the U.S.

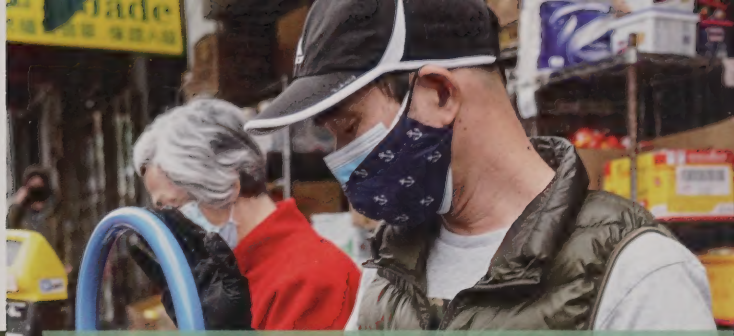
BICYCLE BOOM

Early in the pandemic, with gyms closed and school sports seasons cut short, demand for bikes surges and, in early 2021, continues to outpace supply. Bike industry experts predict that the bike shortage will last into 2022.

COVID-

PROMS GET CREATIVE

2021 adaptations include senior-only proms, outdoor venues, required masking, appetizers rather than sit-down meals, and even proms without slow dancing or with limited-member "dance groups." Some schools cancel their prom for a second year in a row.



DOUBLE UP MASKS

In early 2021, as COVID variants gain ground, health experts recommend double masking. With the gold standard N95 masks still in short supply, and both surgical masks and cloth masks easy to obtain, the CDC suggests wearing a cloth mask over a surgical mask instead of just one or the other.

QUARANTINE FOOD TRENDS

As the quarantine wave hits the U.S. in March 2020, TikTok influencers spread at-home food trends like banana bread, Dalgona coffee, and pancake cereal. By January 2021, TikTok users turned to new ideas, like Mexican birria tacos, feta-tomato pasta sauce, and West African fufu.

TEACHERS ADAPT

Educators take on new tasks in addition to new teaching techniques, like doing temperature checks and disinfecting surfaces. Hybrid teaching schedules often halve the number of number of in-school hours for students, meaning that teachers must condense curriculum.

SPACE X LIFTOFF

In the first NASA partnership with a private corporation, Elon Musk's Space X company, the first astronauts head to the International Space Station. Lifting off in Space X's "Crew Dragon," U.S. astronauts go into orbit on a U.S.–built rocket for the first time in nine years. They will spend six months in space, joining another NASA astronaut and two Russian cosmonauts.

TITLE VII LAWSUIT

The U.S. Women's National Soccer Team's claim that their working conditions are not equal to those of the U.S. Men's Team leads to a settlement in their favor. U.S. Soccer agrees to provide both teams with comparable charter flights and hotel accommodations, along with staffing numbers.

MAIL-IN VOTING

Despite COVID-19 restrictions, a record number of people vote in November, as states allow more early voting or voting by absentee ballot. Counting absentee ballots delays election results for days, leading some to challenge the results and demand state recounts. Eventually, all 50 states certify election results and Joe Biden is declared the official winner of the presidential election.

HEADLI

FLOYD VERDICT REACHED

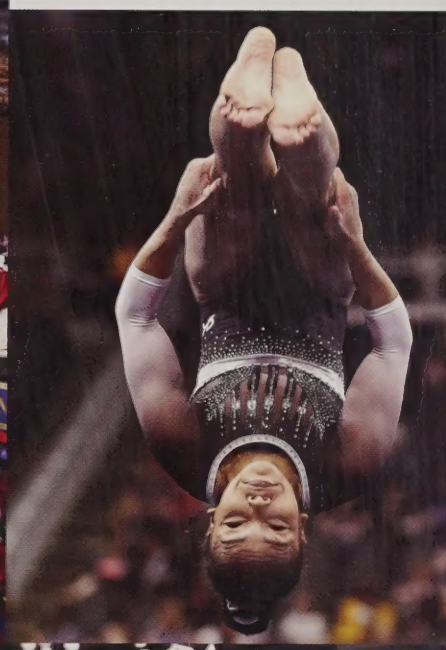
Minnesota jury finds Derek Chauvin, the police officer accused of causing George Floyd's death, guilty on three counts after a two-week trial. Floyd's death in May of 2020 prompted protests in cities across the globe. On the day of the jury's decision, thousands commemorate George Floyd at the site of his arrest and death.

OLYMPICS POSTPONED

In a rare decision, the Tokyo 2020 Summer Olympics are postponed until July 2021. Following a rise in COVID-19 cases, Japan decides that no foreign spectators will be allowed, and athletes must take COVID-19 tests every four days. Also, athletes are prohibited from using public transportation or visiting tourist sites during the games.

SUPREME WOMEN

Supreme Court Justice Ruth Bader Ginsburg, path-breaking Associate Justice of the U.S. Supreme Court, dies of cancer in September. Ginsburg, one of nine women entering Harvard Law School in 1956, argued six landmark gender discrimination cases. President Trump nominates Amy Coney Barrett to replace Ginsburg, making her the 5th female associate justice.



NES

"URI" BATTERS TEXAS

In mid-February 2021, after a spell of warm weather, a devastating winter storm comes out of the Northwest and sweeps through southern states, leaving snow and below-zero temperatures. The storm's impact is worst in Texas, where 111 people die, and millions go without power or water for days. Texas' independent power grid made it difficult for Texans to get power from other states in the crisis, leaving Texans with sky-high utility bills.

SUEZ CANAL BLOCKED

For the first time in the Suez Canal's 150-year history, a ship becomes lodged and blocks hundreds of incoming ships for nearly a week. The 200,000-ton ship, *Ever Given*, is taller than the Eiffel Tower and measures 400-meters in length. The Egypt Suez Canal runs between Africa and the Sinai Peninsula.

CHANGES TO TRAVEL

Airlines lose more than 50% of their business in early 2020 as they cut flight schedules and furlough employees. Over the 2020 Thanksgiving and winter holidays, despite CDC advice not to travel, millions take to the skies. Plane travel increases steadily in the spring of 2021 as more people are vaccinated. On April 18, 2021, 1.6 million Americans fly, as compared to only 105,000 one year earlier.

HEADLIN

BIDEN'S DIVERSE CABINET

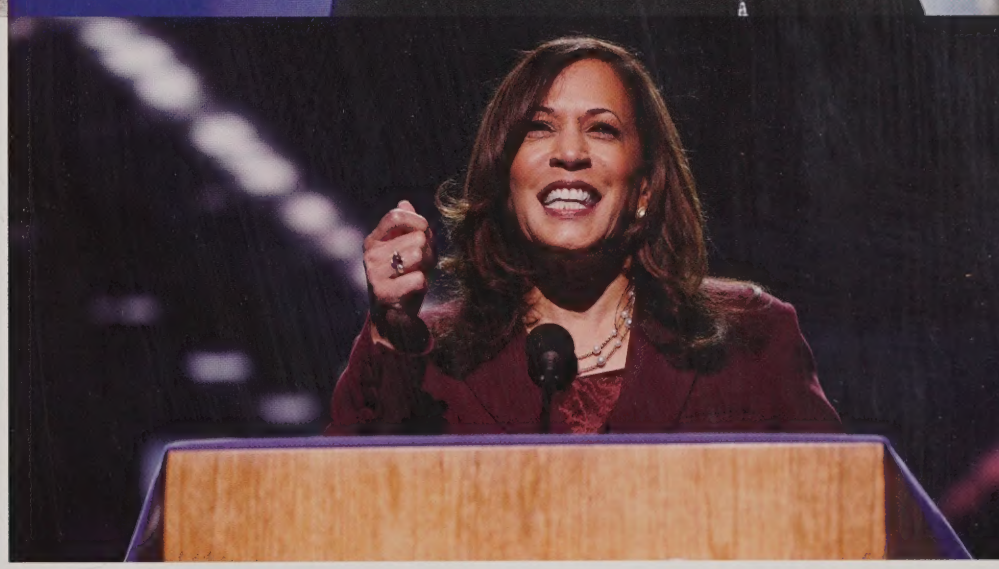
Several of President Biden's Cabinet picks make history, as it is the most diverse cabinet in history. 12 of 25 cabinet members are female, ages span from 35 to 65+, and members comprise those who identify as Black, White, Native American, Hispanic, Asian or Pacific Islander, and multiracial.

THE ECONOMY

Historically low mortgage rates propel a residential real estate boom, with home sales up 23.6% in 2020. By March of 2021, the Dow Jones has risen 70% but the service industry struggles due to ongoing COVID-19 restrictions. The Jefferies Financial Group estimates the current economy at 85% of its pre-pandemic strength, partly due to an outpouring of $2 trillion in federal relief funds.

46TH PRESIDENT

Joseph R. Biden becomes President of the United States after record voter turnout in this one-of-a-kind pandemic election. Due to the large numbers of absentee ballots cast, media outlets do not declare Biden the winner until the Saturday following the election. Although Biden leads the popular vote by 5 percent, sitting President Donald Trump challenges state-level results with multiple lawsuits, and civil unrest occurs at the capitol on January 6 as electoral college votes are being tallied. Nonetheless, Biden proceeds with his transition team, naming an all-female White House communications team and pledging to name the "most diverse cabinet in history."



VICE PRESIDENT HARRIS

Kamala Harris, the daughter of immigrants from India and Haiti, becomes the first African American and Asian American woman to win the Vice Presidency. Harris previously served as a California U.S. Senator and Attorney General. Her husband, Doug Emhoff, will also be a first — the first "Second Gentleman" of the United States.

IES

SUPER BOWL LV

Tampa Bay wins their second title, defeating the Kansas City Chiefs, as the Buccaneers' defense and quarterback Tom Brady dominate. The match-up was a battle between the greatest quarterback of all time and the current best, Patrick Mahomes. At 43 years old, Brady is the oldest player to ever play in the Super Bowl. The game is his 10th Super Bowl and he set NFL records with this seventh win and fifth MVP. The halftime show featured entertainer The Weeknd.

ATHLETES PUT TO THE TEST

Early in the 20-21 school year, a handful of states cancel fall sports completely, while most either play, delay the season's start or move fall sports to the spring. Student athletes, coaches, and school boards ride an emotional rollercoaster throughout the year. By spring 2021, most school teams resume games and practices with social distancing. Unfortunately, one team member's positive COVID-19 test often leads to game cancellations or delays.

SPORTS

MAN OF IRON

Special Olympics athlete Chris Nikic becomes the first person with Down syndrome to complete a full Ironman. Competing in the Ironman Florida, 21-year-old Nikic swims 2.4 miles, bikes 112 miles and runs a full marathon (26.2 miles), despite falling off his bike and being attacked by ants at a rest stop. Ironman's Facebook page live-streamed the last two miles of Nikic's run.

NCAA FOOTBALL CHAMP

Alabama dominates Ohio State 55-24 in the January College Football National Championship. The undefeated No. 1 Crimson Tide, led by Heisman Trophy–winner Devonta Smith, who scored three touchdowns, win their 18th national title.

MARCH MADNESS

The oddsmakers favor undefeated Gonzaga all the way until Baylor beats them in the NCAA men's final, 86-70. It is the first NCAA title for Baylor but would have been a first for Gonzaga also. Baylor hits ten 3-pointers, while Gonzaga makes only five of its 17 attempts.

STANLEY CUP 2020

NHL playoffs are postponed to September, then limited to two locations in Canada, Toronto and Edmonton, due to COVID-19. The Tampa Bay Lightning win the Stanley Cup in a 2-0 Game Six victory over the Dallas Stars, achieving a 4-2 record in the best of seven series. Tampa Bay defenseman Victor Hedman was named Series MVP.

NBA CHAMPIONSHIP 2020

LeBron James wins his fourth Finals MVP award, tying Michael Jordan for that record, after a win over the Miami Heat. The Lakers win follows a tough year with the loss of former team leader Kobe Bryant. The team dedicates the season to him.

MATSUYAMA MAKES HISTORY

Hideki Matsuyama becomes the first-ever Japanese professional golfer to win a men's major golf championship at the 2021 Masters Tournament. Matsuyama prevailed by one stroke over Will Zalatoris.

SPORTS

MLB WORLD SERIES

Concluding the shortest MLB season on record, the Dodgers win the World Series after the Tampa Bay Rays make a controversial pitching change in Game 6, breaking Blake Snell's momentum in favor of reliever Nick Anderson. Mookie Betts slides home to give the Dodgers the go-ahead 2-1 run and the Dodgers win 3-1. COVID-19 impacts both teams. After a month of quarantine, Rays Randy Arozarena hits a first-inning home run. Then, in the 8th inning, Dodgers third-baseman Justin Turner is pulled out after a positive test result.

MLS SEASON ADAPTS

COVID-19 interrupts the 2020 MLS season, but Columbus Crew eventually emerges triumphant in the December final against the Seattle Sounders with a 3-0 win. 2021 looks hopeful, despite a six-week opener delay due to labor negotiations. After a fanless 2020 season leads to dramatic financial losses, teams announce that limited numbers of fans will be allowed into 2021 games.

WNBA CHAMPS

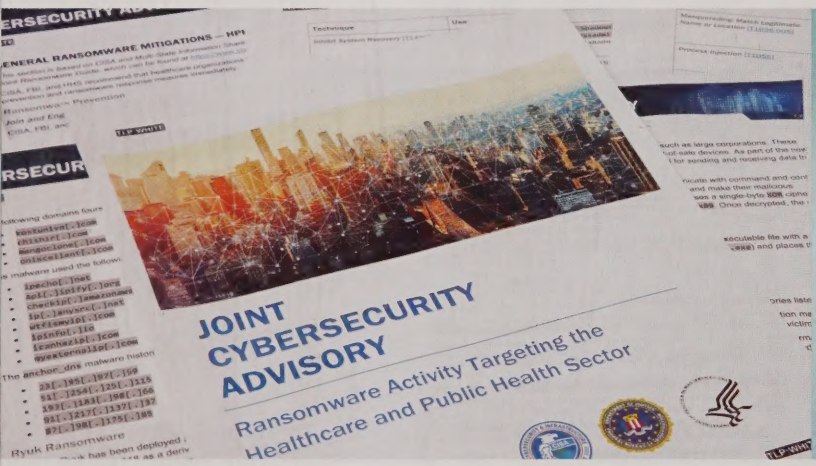
Sweeping the Las Vegas Aces in a best-of-five series, the Seattle Storm wins the 2020 WNBA Championship in an unprecedented season. The teams played season games in the Bradenton, FL "wubble" (WNBA bubble). Forward Breanna Stewart, who missed the 2019 season due to a torn Achilles tendon, was unanimously voted MVP for the championship series.

TIKTOK DODGES BAN

Concerns about national security leads President Trump to threaten to prohibit Chinese-owned TikTok downloads starting in November. Oracle proposes taking over ownership of TikTok U.S. data, and negotiations continue through the fall. Two federal district court judges rule that Trump's emergency economic powers are not sufficient.

U.S. SUES GOOGLE

The U.S. Department of Justice files a lawsuit against tech giant Google after a Congressional report accuses Google, Twitter, Amazon and others of using monopoly powers. The DOJ claims that Google has illegally paid computer manufacturers billions of dollars to choose Google as their default search engine and restrict rivals.



MICROSOFT NEUTRALIZES HACKERS

In December, evidence of the most sophisticated and far-reaching hack in years becomes public. A group of hackers known as "CozyBear" breached a trusted infrastructure supply chain. While Microsoft could not fix the damage already done, they are able to prevent further infiltration within four days.

CAN'T STOP GAMESTOP

Wall Street hedge funds bet that GameStop, a business hit hard by online gaming, would see falling stock prices. In response, a Reddit page called "Wall Street Bets" (WSB) urges followers to buy stock in GameStop. Millions of buyers send GameStop stock prices surging 1600% in a few days.

TECH NI

SEE YOU ON ZOOM

The Zoom App goes from being a business-meeting app to an "everything" app in 2020, used for virtual learning, social gatherings, art performances, exercise classes, weddings, and funerals. Into 2021, downloading stats keep Zoom dominant in videoconferencing software, but with growing competition from Google Meet, Slack, and Microsoft Teams.

NOBEL PRIZE

Doctors Jennifer Doudna and Emmanuelle Charpentier win the Nobel Prize in Chemistry for their work developing a gene-editing technique known as Crispr-Cas9. *Crispr* stands for "clustered regularly interspaced short palindromic repeats," a type of sequencing in DNA chains that facilitates bacterial immunity. The Crispr technique allows scientists to cut out and replace chain segments. This will enable repairs to flawed genes and prevent diseases, but the technique's potential to create inheritable edited genes in humans is controversial.

GAMERS' DILEMMA

Sony and Microsoft release their newest gaming systems on the same day, November 12th, 2020. Microsoft's Xbox Series X and Sony's PlayStation 5 both offer much faster loading times than their predecessors and are similarly priced at about $500. However, Xbox Series X offers better backward capability, while PS5 offers a redesigned, more immersive controller. Which to buy? Depends on your game preference: *Halo* fans prefer the Xbox, while *God of War* fans want the PS5. Getting PS5 for the holidays proves so difficult that it inspires a *Saturday Night Live* skit.

MARVEL STREAMING RIGHTS

Disney Plus is the streaming home to nearly every Marvel movie and TV Show. Distribution of *The Incredible Hulk* is owned by Universal Pictures. Spider-Man films are owned by Sony.

MASK TRENDS

While NIOSH-certified "N95" masks are the gold standard, they are unavailable to the general public for months. The urgent need for masks leads to countless creative designs and unending arguments about what the "best" masks are. Elastic loops? Ties around the head? One or two fabric layers? Filters?

EMMYS SWEEPS

Created by father-son Eugene and Daniel Levy, the quirky Canadian comedy series *Schitt's Creek* wins nine Emmys, the most in a year for a comedy series. The show features a wealthy family that falls on hard times.

CHADWICK BOSEMAN

Chadwick Boseman dies from colon cancer at age 43. After his diagnosis, he films five movies including *Black Panther*. At the 2021 Golden Globes, Boseman posthumously wins "Best Actor."

TIKTOK GROWS

Despite facing a threatened ban in the U.S., TikTok continues to grow to 732 million users as of April 2021, making millions of dollars for some contributors.
